Helsinki, 12th July 2018

DEAR MR. PRESIDENT TRUMP,

It is a great honor to welcome you to our nation.
This meeting of two world leaders in Helsinki marks a significant moment for our future.

The Finnish sauna is a place where official titles are stripped and left with your clothes in the dressing room. People are their most genuine selves and decisions are made fairly, without argument, and in good spirit.

Sincerity, honesty and a good sauna are things that Karhu Beer believes in and is ready to fight for.

That is also why we would like to cordially invite both you and Mr. President Putin to negotiate in Helsinki's legendary Kotiharju Sauna on Monday, 16 July at 6 p.m.

Your intelligence agencies will surely find the way.

We welcome you to enjoy the sauna and to find a common ground.

Most respectfully yours,

Alexander Sneen
